3. Claims 25-27 are allowed, as the prior art of record does not teach or suggest a multi-tuned radio frequency coil, wherein the first and second plurality of elongated segments are coupled to and positioned circumferentially around the end cap, in combination with the remaining limitations of the claims.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
